

## TRUFFLE & SNUFFLE – Exclusive in November

Tue – Sat/18 – 22 November 2024 / Boutique Hotel La Ribezza\*\*\*\*\*

Our trip to Piedmont promises excitement, culinary delights and a play of colours in nature! You will experience the interaction between the «truffle hunter» and his faithful four-legged friend in the front row and set off to a nearby woodland. There you can get an impression of how the truffle team harmonizes. The truffle, this wonderful product of nature – whether black or white – will accompany us these days in our noses and palates

Not all cheeses are the same! That's why we'll be surprised by a local cheese dairy and learn a few things that we may not have known before. We also discover excellent wineries where outstanding wine is ready for us to taste. A pleasure and adventure trip for guests who enjoy spending the night in a comfortable and stylish 5\* boutique hotel and attach great importance to ambience and culinary delights. The trip is organized in an exclusive setting with a minimum of 4 and a maximum of 8 guests.

You also don't have to worry about costs getting out of hand, because apart from any private purchases, there are no additional costs at any time or place.

## RELAXED PRODUCER VISITS

It is common knowledge that small producers do not pay for the tasting – the collaboration with Piedmont Passion is different. We pay each producer a fee per person for the tour and tasting. This is in appreciation of the fact that they give their time exclusively to our guests and to ensure that there is no subliminal obligation to buy.
